

REMARKS

The Examiner has indicated that the Substitute Sequence Listing mailed on September 30, 2004 was not in compliance.

In response, Applicants submit herewith a Second Substitute Sequence Listing in paper and computer readable form which contains the amended sequence information for SEQ ID NO:13 and which indicates the correct number of sequences contained therein. Support for the amendment can be found in the specification, as filed. The Substitute Sequence Listing contains no new matter.

In light of the above amendments and remarks, Applicants submit that the sequence disclosures are in compliance. Thus, this objection has been overcome.

CONCLUSION

In light of the above amendments and remarks, Applicants submit that the objections to the Sequence Listing have been overcome and must be withdrawn. Further, Applicants submit that the application is now in form for issuance and an early allowance is earnestly requested. If any issues remain, the Examiner is invited to telephone the Attorney at the number below
